

WILLIAM HOLE

Without whom Charlton Horethorne
would not have a Village Hall

In the report of Mr. Hole's speech at the
opening ceremony in 1923 he is on the
record as saying:

*“every village should have the facilities for
recreation which they have provided in
Charlton Horethorne. They had to think of
the rising generation and the opportunities
given to them would, he believed be of benefit
in the days to come.”*
