Dear Sir,

With reference to our conversation as to Dining Hall, it was thrown up by the R.E.'s at Larkhill Camp. This matter has now passed through the War Office, and I expect to hear definitely during the next few days.

It is only for the War Office to write to say this can be same disposed of, when I will write to you as previously arranged. The six out figure I find is identical.

I will let you know immediately I hear from the War Office when this can be disposed of, and will give you the offer of same. The delay is regretted.

Yours truly,
RAY MORRIS MOTT.
